

The conservative promise.
Mandate for Leadership

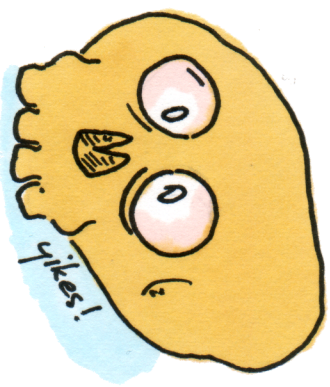

20

The Heritage Foundation has plans for the Republican presidency.

Big plans...

Wait...
What?

It's weird to think about it, but if things go badly, I'd get the death penalty in the US.

Among many things this mandate suggests:

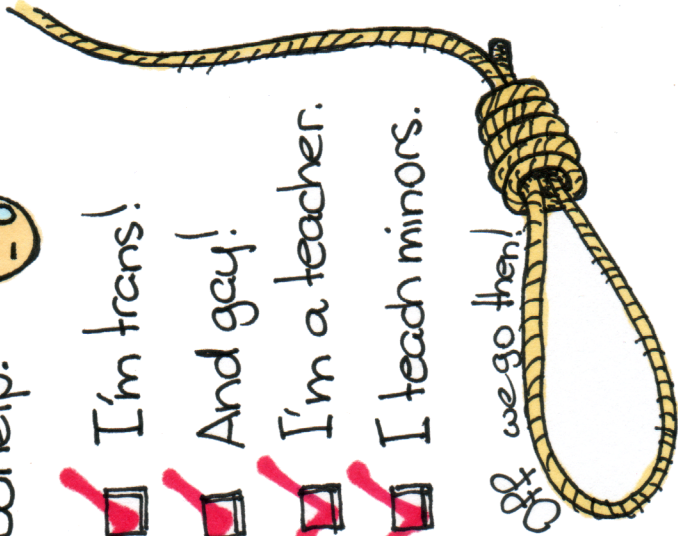

- LGBTQ information is pornography.
- Educators who spread porn are sex offenders.
- Sex offenses against minors will be pursued with death penalty.

See: pages 5 and 554.

Whelp! 😞

- ☒ I'm trans!
- ☒ And gay!
- ☒ I'm a teacher.
- ☒ I teach minors.

Oh we go then!
